QUICK GUIDE · 12 PAGES · OCTOBER 2026

ECCE Tool

The Quick Guide

The essentials for every role on 12 pages: what each tool is, where to find it and exactly what to press. Need every screen in detail? Open the Complete Step-by-Step Guide.

Parents · Schools · Admins · Super Admins

Welcome!

ECCE Tool is a website full of ready-to-use material for preschools and parents: yearly plans, worksheets, games, assessments, teacher training, school forms and marketing helpers. This **Quick Guide** shows what is where and how to use it, in 12 pages — **no computer knowledge needed**. For every screen in detail, open the **Complete Step-by-Step Guide**; the *Full guide p. N* tags point you to the right page. All pictures show made-up names and sample data.

Who is this guide for?

Parent
A parent at home who has subscribed. Uses the **Parent** tile.
Read Parts 1–2

School
A preschool: owner, principal or teacher. Uses the **School** tile.
Read Parts 1–2

Admin
A team member who sets up customer accounts — only their own.
Read Part 1 and Part 3

Super Admin
The owner account. Creates Admins and manages everyone.
Read Part 1 and Part 4

What each role can do

What you want to do	Parent	School	Admin	Super Admin
Use the nine learning areas (curriculum, worksheets, games…)	✓	✓	✗	✗
See how many subscription days are left	✓	✓	✗	✗
Create customer accounts (Parent or School)	✗	✗	**Own only**	✓
See the list of customers	✗	✗	**Own only**	**All**
Renew, edit or delete a customer	✗	✗	**Own only**	✓
Create, edit or delete Admins	✗	✗	✗	✓

Good to know. Parent and School accounts see **exactly the same nine learning areas**; the only differences are the sign-in tile and the greeting on Home. Admin and Super Admin accounts are for managing accounts — they do not open the learning areas.

How to read this guide

- **Orange numbered circles** 1 on a picture match the numbered steps beside it.
- **Green button names** such as Sign In are written exactly as they appear on screen.
- Coloured boxes help: **Tip** (a shortcut), **Good to know** (background) and **Please note** (be careful).

PART 1 **Getting started** — For everyone

1 Signing in & subscribing

Full guide p. 4–5

The Sign In card. The numbers match the steps.

1. **Choose who you are.** Tap **Parent** (a parent at home) or **School** (a preschool). The tile turns yellow.
2. **Type your username** — the Login ID we sent you.
3. **Type your password.** It shows as dots so nobody can read it.
4. **Press Sign In** (or the Enter key). Your Dashboard opens.

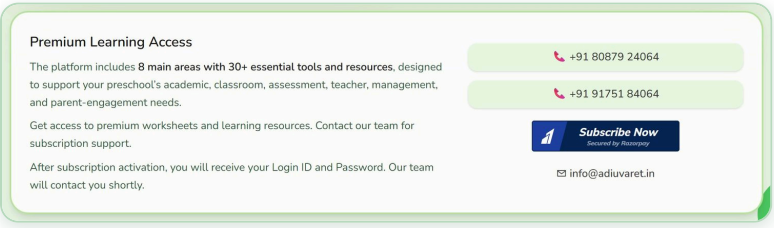

Tip. Admins and Super Admins: leave the tile as it is. The site takes you straight to your management screen (Parts 3 and 4).

Good to know. Your username and password come from the ECCE Tool team (or your Admin) once your subscription is activated.

Messages you might see

Message	What it means	What to do
Invalid credentials	Username or password not recognised.	Check spelling and the Caps Lock key. Forgotten? Ask your Admin to set a new password.
This is a Parent account. Please select Parent and sign in again. (You see the same message the other way round for a School account.)	You picked the wrong tile.	Tap the correct tile and sign in again. Nothing is lost.
Subscription expired	The end date has passed.	Contact the team to renew.

No login yet? How to subscribe

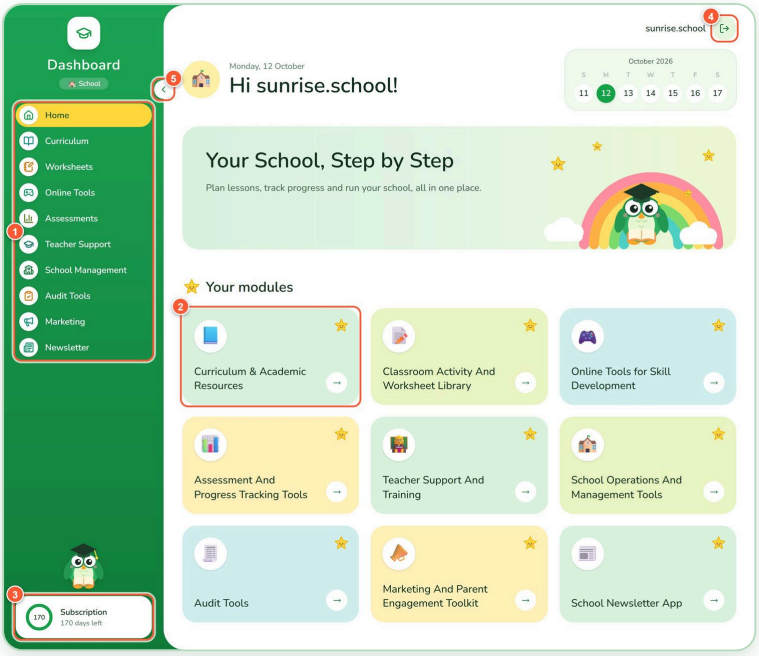

Under the sign-in card: how to subscribe and who to call.

1. **Read what is included:** 30+ essential tools for academics, classroom, assessment, teachers, management and parent engagement.
2. **Subscribe online** with **Subscribe Now** (secure payment by Razorpay) **or** call or email the team.
3. **Wait for your login.** After activation you receive your Login ID and Password, and the team contacts you.
4. **Sign in** as above.

Phone: +91 80879 24064 / +91 91751 84064
Email: info@adiuvaret.in

2 Your dashboard, subscription & printing

Full guide p. 6–9

The Home page of a School account.

1. **The menu** lists all nine learning areas. Tap one to open it. The **yellow bar** shows where you are.
2. **The module cards** are the same nine areas. Tap a card to open it.
3. **The subscription card** shows how many days you have left.
4. **Logout** is at the top right, beside your name.
5. **The fold-away arrow** shrinks the menu to icons (and back). The site remembers your choice.

Home greets you with today's date and a calendar of this week. A Parent account has a parent greeting and a School account a school greeting — **both see the same nine areas**.

On a phone or tablet

The menu hides itself. Tap the **round menu button** (top left) to open it; tap ✕ or the dark area to close it. Logout is the icon at the top right. A tablet or computer is most comfortable for forms and printing.

Your subscription

The days left show in the menu card. When it ends: a pink *"Your subscription has expired"* notice, the counter shows 0 and **Newsletter** turns grey; sign-in says *"Subscription expired"*. Renew with the team, then **sign out and in again**.

Signing out

Press the round **Logout** button. On a shared or school computer **always sign out** — simply closing the browser does not, so the next person could open your Dashboard.

Downloads, printing & "Coming Soon"

Full guide p. 9

You see...	What happens	Good to know
View & Download Open Worksheet	The file (usually a PDF) opens in a **new tab**.	Use the download or print icons there. If nothing opens, allow pop-ups for this site.
Print Print as PDF Download PDF (Session Plan, online assessments, Newsletter)	Your computer's **print window** opens.	Choose **Save as PDF** to make a file, or your printer. Switch on **Background graphics** so colours print.
Coming Soon	The item is being prepared.	It switches on by itself. Today: the Toy & Material Audit sheets and the Nursery, LKG and UKG Sound Books.
Listen	Your device reads the words aloud.	Turn the volume up. Google Chrome gives the most reliable sound.

PART 2 The nine learning areas

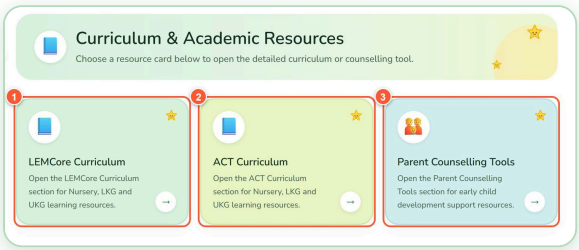

For Parents and Schools

All nine areas are open to both Parent and School accounts. Press an area in the menu (or its card on Home), then pick a tool.

Curriculum & Academic Resources

Weekly lessons and checklists

Full guide p. 10–12

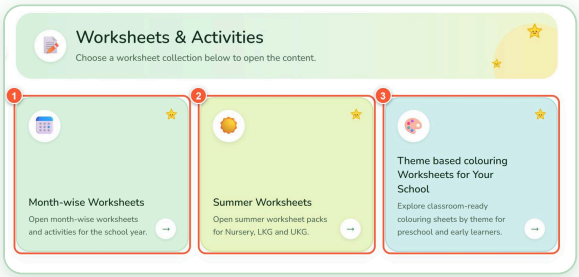

Three cards.

1. **LEMCore Curriculum** — press **Explore** under **Nursery, LKG or UKG**, pick a month (1–8), then **Weekly Practices** (the practice pages) or **Weekly Syllabus** (the teaching plan). Press a week to open its PDF.
2. **ACT Curriculum** — **Explore Curriculum** under your class, then on a month **Weekly Curriculum** or **Skill Based Curriculum**. (Months 1–3 for now.)
3. **Parent Counselling Tools** — pick the class card (PG, Nursery, LKG, UKG) and **View & Download** the *Initial Skill Assessment* to share with parents.

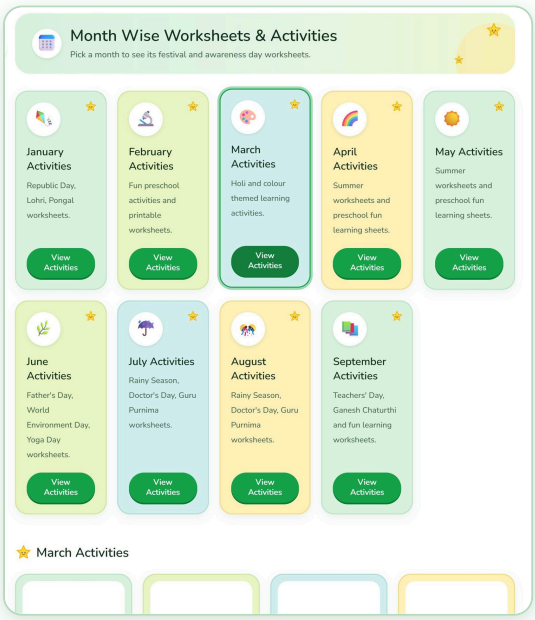

Worksheets & Activities

Printable sheets in three collections

Full guide p. 13–14

Three collections.

Month-wise: pick a month.

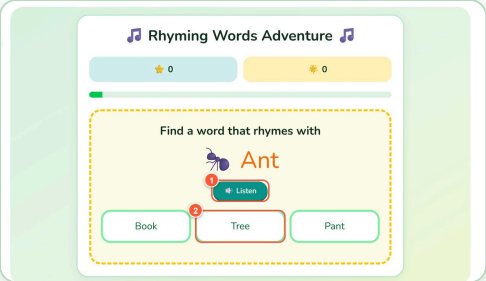

1. **Month-wise Worksheets** — press **View Activities** on a month (January to September), scroll down to its festival and awareness-day sheets, then **Open Worksheet**.
2. **Summer Worksheets** — **View Worksheets** under **Nursery, LKG or UKG**, then *Math*, *Language* or *EVS Activity* → **View & Download**.
3. **Theme based colouring** — **View** on one of **nine themes** (Fruit, Vegetable, Domestic Animal, Bird, Wild Animal, Water Animal, Surface, Air and Water Transport), then **Download PDF** for one sheet or **Download All as one PDF** for the whole theme.

> **Tip.** Every *View & Download* or *Open Worksheet* opens a PDF in a new tab — print it or save it from there.

Online Tools for Skill Development

Games with stars

Full guide p. 15–17

A rhyming question.

- **Rhyming Words Adventure** — choose **Nursery** (easy), **LKG** (medium) or **UKG** (advanced), then **▶ Play Now**.
- **Literacy Skills** — choose PG, Nursery, LKG or UKG, then *What Comes After a Letter* or *Fill the Blanks for a Given Word* → Play Now.
- **Numeracy Skills** — choose a class (PG 1–5, Nursery 1–10, LKG 1–20, UKG up to 100), then one of six games: *=, > or <* · *number series* · *count & identify* · *more or less* · *heavy or light* · *big or small*.

On a question screen:

1. Press **Listen** to hear the question read aloud.
2. **Tap the answer.** Right turns green; wrong turns red with a kind message. Stars and the score are kept at the top (Literacy and Numeracy give a star after every 10 questions).
3. Press **Next** for another question. In Literacy and Numeracy, **Finish & See Score** ends the round and **Back To Games** leaves it.

> **Tip.** Play together: the teacher or parent reads, the child taps. On a classroom TV, let children come up and press the answer.

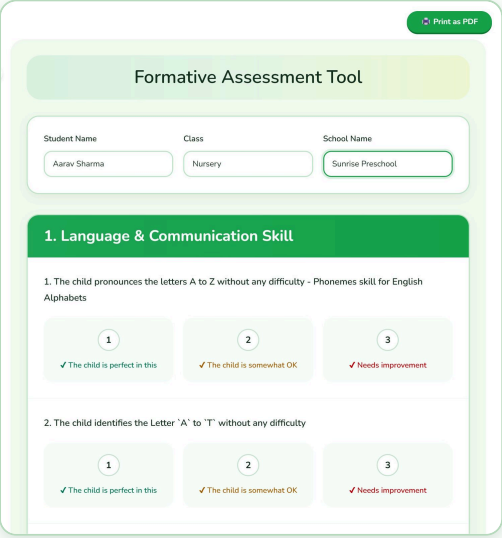

Assessments & Progress Tracking

Six tools

Full guide p. 17–23

Six assessment tools.

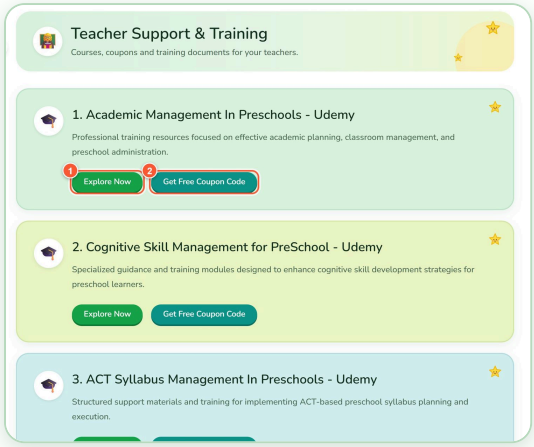

The online monthly check.

1. **Class-wise Initial Diagnostic** — pick a class → **View Assessments** → four skill cards (Social & Emotional, Language & Communication, Cognitive, Movement & Physical) → **View & Download**. Use it at the start of the year.
2. **Month Formative (Prime)** — pick a class → a month (1st–8th): **Do It Online** to fill it in on screen, or **View & Download**. Online: type the student, class and school, then for each statement tap one of three boxes (*perfect*, *somewhat OK*, *needs improvement*) across five skill areas. Scores appear as you tap. **Answers are not stored — press Print as PDF before you leave.**
3. **Month Formative (General)** — Nursery, LKG or UKG → two papers → View & Download.
4. **Summative Assessment** — pick a class → *Mid Term* or *End Term Exam Paper*.
5. **Nutritional Assessment** — choose the age group, type the weight in kg, press **Calculate Daily Calories**. A simple guide, not medical advice.
6. **Assessment for ADHD** — four screening tools (Kids Behaviour Scale, Experience Thermometer, Screening Tool for ADHD, Obesity Screening Tool) → **Read More**. They help you *notice* patterns; they do not diagnose. Two are still being prepared.

Teacher Support & Training

Courses and free coupons

Full guide p. 23–24

Each course card has two buttons.

1. **Explore Now** opens the course on **Udemy** (a separate learning website) in a new tab.
2. **Get Free Coupon Code** opens the coupon page. Press **Copy Coupon** (*"Coupon Copied!"*), then paste the code at Udemy's checkout.

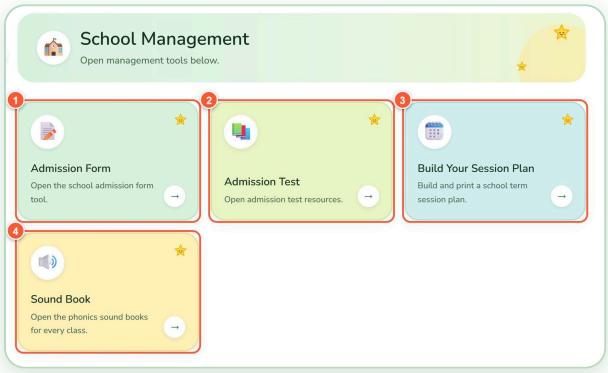

Each coupon works for **30 days**. If it says **"Coupon Expired"**, ask the team for the latest code. Coupon pages open without signing in.

The six items: 1 Academic Management in Preschools · 2 Cognitive Skill Management · 3 ACT Syllabus Management · 4 Language Development through Shared Book Reading · 5 Management of Assessment & Evaluation · 6 NTT Program Documents (₹299 per volume).

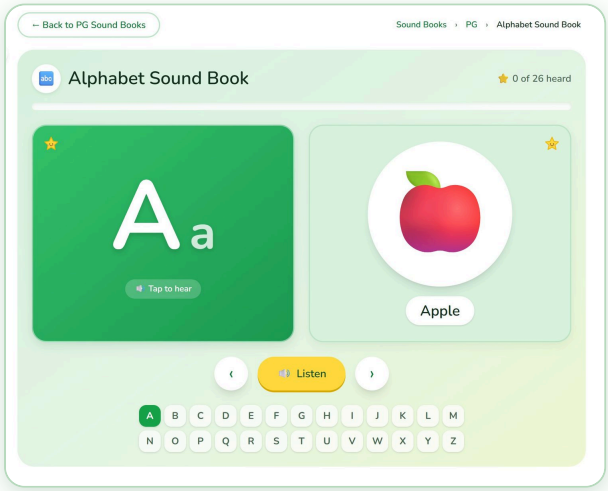

School Operations & Management

Forms, tests and talking books

Full guide p. 24–29

Four tools.

Inside the Alphabet Sound Book.

1. **Admission Form** — type the *School Name* and *Address*, choose your logo, press **Submit Form** (all three are needed). A summary appears. (The printable PDF button is still being prepared.)
2. **Admission Test** — pick **Nursery** (3–4), **LKG** (4–5) or **UKG** (5–6), then **Test Now**. It opens in a new tab.
3. **Build Your Session Plan** — see the next page.
4. **Sound Book** — picture books that **speak**. Only **PG** is open today (Nursery, LKG and UKG say Coming Soon): *Alphabet* (26 letters), *Transport* (12), *Animals & Birds* (12), *Number* (1–10), *Vegetables & Fruits* (12).

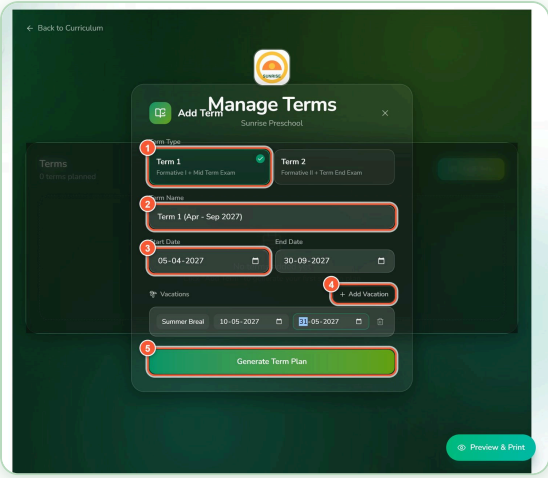

Inside a Sound Book: tap the big letter or picture to hear it; ‹ and › turn pages (each page is read aloud by itself); the letter strip jumps to any page. The counter *"⭐ 0 of 26 heard"* fills up, and confetti falls when everything has been heard.

Good to know. The voice comes from your device. If you see *"This browser cannot play the sounds"*, open the site in Google Chrome.

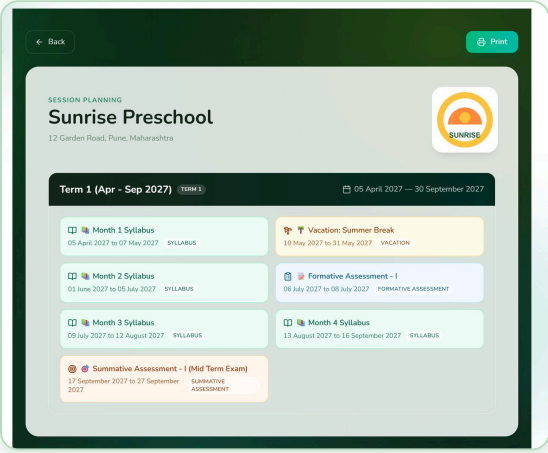

Build Your Session Plan

Plan and print a whole term

Full guide p. 26–28

The Add Term window.

The finished plan, ready to print.

Open **School Management → Build Your Session Plan**. You work in three screens.

A · School details — type the School Name (3+ letters) and Address (5+ letters), choose your logo, press **Continue →**.

B · Manage Terms — press **+ Add Term**. In the window (circles on the picture):

1. Choose **Term 1** (Formative I + Mid Term Exam) or **Term 2** (Formative II + Term End Exam).
2. **Name the term**, e.g. *Term 1 (Apr – Sep 2027)*.
3. Pick the **Start** and **End Date**.
4. Press **+ Add Vacation** for each break: its name, first and last day.
5. Press **Generate Term Plan**. The term appears as a card; add a second term the same way.

C · Preview & Print — press the green **Preview & Print** button (bottom right), then **Print** and choose **Save as PDF** or your printer.

Good to know. How the plan is built: each teaching month is **25 working days**; Formative Assessment 3 days; Mid Term Exam 7 days (Term 1) or Term End Exam with PTM 10 days (Term 2). Weekends and your vacations are skipped. A term needs at least **110** (Term 1) or **113** (Term 2) working days, or you see *"Insufficient days!"*.

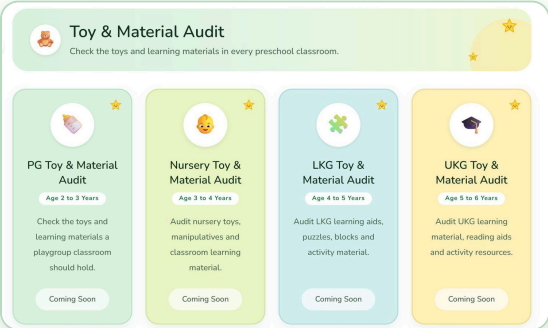

Please note. Add **every school holiday** as a vacation. The site only knows a few national days, so any holiday you leave out counts as a working day.

Tip. Your plan is **saved automatically** in this browser, under your login. **Start Fresh** (first screen) clears it.

Audit Tools

Toy & material checklists

Full guide p. 30

Toy & Material Audit: one card per class.

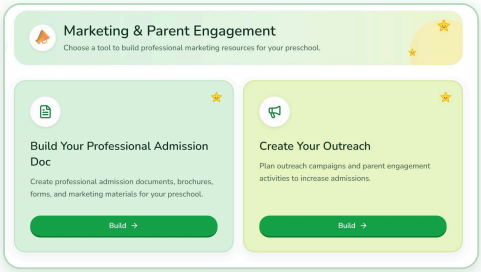

1. Open **Audit Tools** and press the **Toy Material** card.
2. Choose the class: **PG** (age 2–3), **Nursery** (3–4), **LKG** (4–5) or **UKG** (5–6).
3. When a sheet is ready, press **View & Download**, print it and tick what you find in the classroom.

Good to know. All four audit sheets say **Coming Soon** for now. Each turns into a View & Download button as soon as it is published.

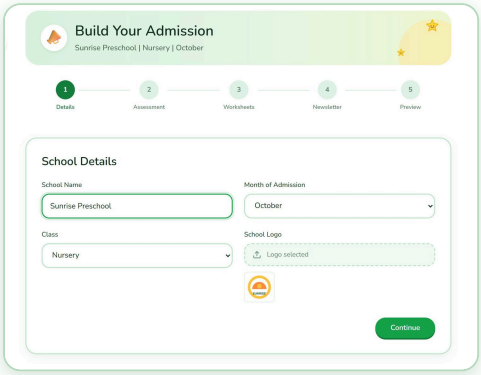

Marketing & Parent Engagement

Two guided PDF builders

Full guide p. 30–33

Two builders.

Admission Doc, step 1.

Press **Build →** on a card, then move with **Continue** and **Back**. Finished steps show a tick.

Build Your Professional Admission Doc — five steps:

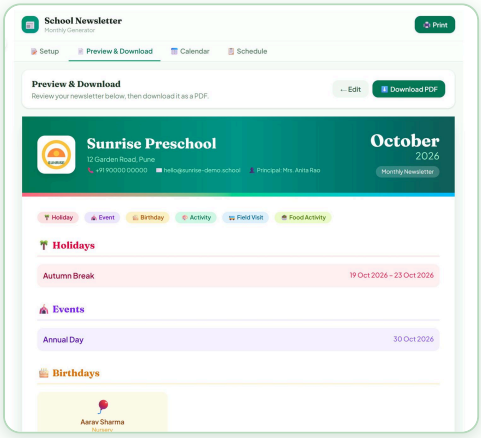

1. **Details** — School Name (the only must-have), month of admission, class, logo (optional).
2. **Assessment** — tick the assessment areas to include (*Select all* / *Clear all*).
3. **Worksheets** — tick the worksheets for that month and class.
4. **Newsletter** — optional: **Open Newsletter App** (new tab), build it, press *"Done — Return to Admission Doc"*; or **Skip**.
5. **Preview & Download** — **Preview PDF** or **Download PDF** (a few seconds: *Building…*).

Create Your Outreach — three steps: **Details** (same form) → **Events** (type the society or event address; press a suggested event such as *World Food Day*, or type your own and **+ Add**; × removes one) → **Preview & Download**.

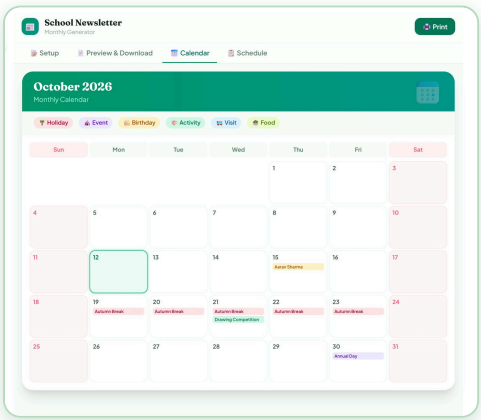

School Newsletter App

A monthly newsletter in minutes

Full guide p. 33–36

Preview & Download.

Calendar tab.

Four tabs: **Setup** · **Preview & Download** · **Calendar** · **Schedule**.

1. **Setup:** press *Upload Logo*; type the **School Name** (required), and if you like the principal, address, phone and email; choose the month and year.
2. **Add entries** in *Holidays, Events, Birthdays, Activities, Field Visits* and *Fireless Food Activity*. Each has a button such as **+ Add Holiday**; every entry needs a title.
3. Press **Generate Newsletter →** (bottom of Setup), then **Download PDF** — the print window opens: choose **Save as PDF**. **← Edit** goes back.
4. **Calendar** shows every entry on its day, colour-coded. **Schedule** lists the month day by day, with a search box.

Good to know. The Newsletter is a **premium** area: it works while your subscription is active and is greyed out in the menu once it ends.

PART 3 **Admin guide** — For Admin accounts

13 Looking after your customers

Full guide p. 37–40

You can
Add Parent or School customers · see the list of customers **you** created · renew, edit or delete them.

You cannot
See another Admin's customers · create or change Admins · open the nine learning areas (those are for Parent and School accounts).

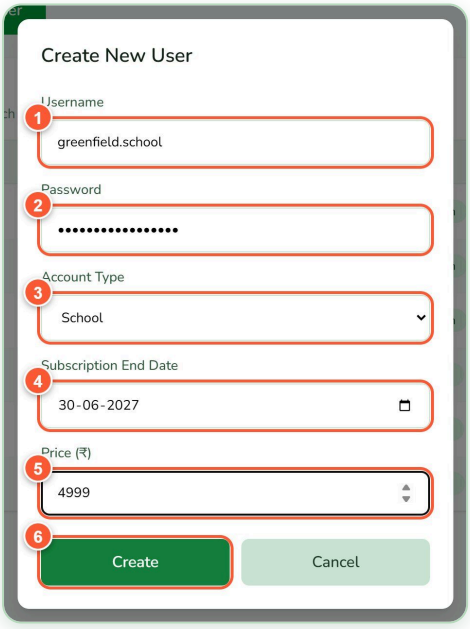

The Admin Dashboard.

Sign in on the usual page (leave the tile as it is) and your **Admin Dashboard** opens.

1. **My Users** lists your customers (ID, Username, End Date, Price).
2. **+ Add New User** opens the form for a new customer.
3. **Edit** changes a customer's details.
4. **Delete** removes a customer.
5. **Logout** — always use it when you finish.

Adding a new customer

Full guide p. 38

The Create New User form.

1. **Username** — the Login ID the customer will type. Make it easy to remember.
2. **Password** — choose one for them.
3. **Account Type** — **School** (a preschool) or **Parent** (a parent at home). It decides which sign-in tile they use; both see the same nine areas.
4. **Subscription End Date** — the date their access ends.
5. **Price (₹)** — the amount they paid, for your records.
6. Press **Create**. You see *"User created successfully!"* Every box is needed, or you see *"Please fill all fields"*.

💡 **Tip.** The end date is the **first day without access**. For access up to and including 31 March, choose **1 April**.

💡 **Tip.** Tell the customer their username, password and **which tile to choose**. Share the password privately, not in a group.

Renew, reset or fix: press **Edit** on the customer, change the *End Date* (renewal), *Password*, *Price* or *Account Type*, press **Update**. **After a renewal, ask the customer to sign out and in again.**

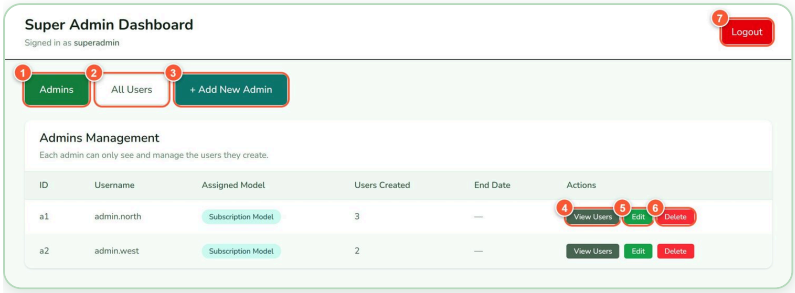

⚠️ **Please note. Delete** is permanent and the customer can no longer sign in. If a subscription has simply ended, keep the account and change its end date when they renew.

PART 4 **Super Admin guide** — For the Super Admin account

14 Managing Admins and everyone

Full guide p. 41–43

You can do everything an Admin does **for every customer**, and you can add, edit and delete **Admins**. Only a Super Admin can create an Admin. Sign in on the usual page and the **Super Admin Dashboard** opens on the **Admins** tab.

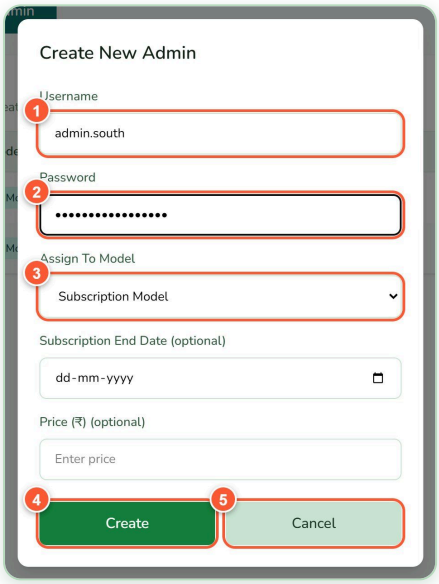

The Admins tab.

1. **Admins** — the list of Admins, with how many customers each has created.
2. **All Users** — every customer in the system.
3. **+ Add New Admin** — creates an Admin.
4. **View Users** — shows only that Admin's customers.
5. **Edit** changes an Admin's details.
6. **Delete** removes an Admin.
7. **Logout** signs you out.

Adding an Admin

Full guide p. 42

The Create New Admin window.

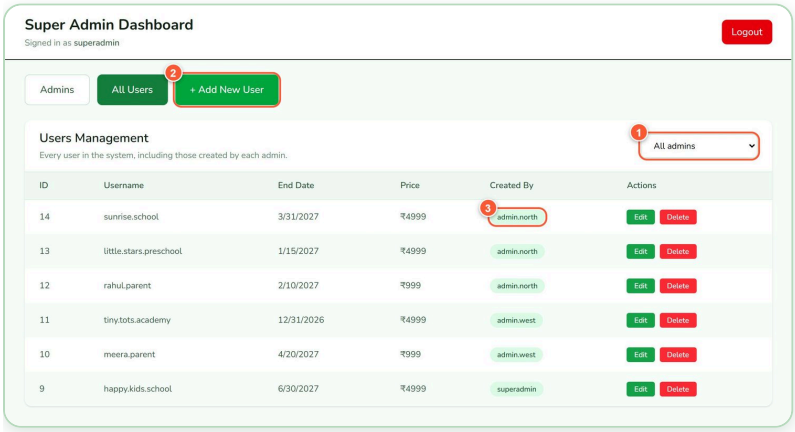

1. **Username** — the Admin's Login ID.
2. **Password** — their starting password.
3. **Assign To Model** — the product they look after (today: *Subscription Model*).
4. Press **Create**: *"Admin created successfully!"*
5. **Cancel** closes the window without saving.

End date and price are **optional** for an Admin. A new Admin starts with an **empty customer list** and only ever sees customers they add.

> **Tip.** Give each team, region or partner its own Admin, so every team sees only its own customers and you can see how many each one has brought in.

Seeing everyone, and what deleting an Admin does

Full guide p. 42

The All Users tab.

1. Open the list **All admins** to filter: choose one Admin, **All admins**, or **Super Admin (legacy)** (customers who no longer have an owner).
2. **+ Add New User** adds a customer yourself (same form as the Admin guide).
3. The **Created By** column shows which Admin created each customer. Edit and Delete work on **any** customer.

> **Deleting an Admin does not delete their customers.** They stay in the system, become visible to the Super Admin only, and move to **Super Admin (legacy)**.

PART 5

Help & quick answers

For everyone

15 Quick answers

Full guide p. 44–46

I forgot my password.
There is no automatic reset. Ask your Admin (or the team) to set a new one.

It says "Subscription expired" but I have paid.
The team must update your end date. Then **sign out and sign in again**.

The site says I picked the wrong tile.
Tap the other tile (Parent or School) and sign in again.

"View & Download" does nothing.
Allow pop-ups for this site. The item may also say Coming Soon.

No sound in games or Sound Books.
Volume up, tab not muted, and use Google Chrome.

My Session Plan disappeared.
Plans live in the same browser under the same login. Use **Print → Save as PDF** for a safe copy.

My online assessment answers are gone.
They are not stored. Press **Print as PDF** before leaving the page.

Colours missing when I print.
In the print window, switch on **Background graphics**.

A coupon says "Coupon Expired".
Ask the team for the latest code.

Newsletter is greyed out.
That area is premium; it unlocks when you renew.

"I want to..." finder

Full guide p. 45

- **Plan a whole term and print it** → School Management › Build Your Session Plan p. 8
- **Get this week's lesson plan** → Curriculum › LEMCore or ACT › class › month › Weekly Syllabus p. 5
- **Print practice sheets for a festival** → Worksheets › Month-wise p. 5
- **Find summer holiday homework** → Worksheets › Summer Worksheets p. 5
- **Get colouring pages** → Worksheets › Theme based colouring p. 5
- **Play learning games** → Online Tools p. 6
- **Check a child's progress this month** → Assessments › Month Formative › Do It Online p. 6
- **Work out a child's daily calories** → Assessments › Nutritional Assessment p. 6
- **Give parents a skills checklist** → Curriculum › Parent Counselling Tools p. 5
- **Test a child for admission** → School Management › Admission Test p. 7
- **Teach letters and numbers by sound** → School Management › Sound Book p. 7
- **Make an admission brochure** → Marketing › Build Your Professional Admission Doc p. 9

- **Add a new Admin (Super Admin)** → Super Admin Dashboard › Admins › + Add New Admin p. 11

Remember these

Full guide p. 46

1. **Pick the tile that matches your account.** If you pick the wrong one, the site tells you which to use.
2. Your **username and password come from the team or your Admin**. Keep them private.
3. **View & Download** opens a file in a **new tab**. Allow pop-ups if nothing appears.
4. To save a page as a file, press **Print** and choose **Save as PDF**.
5. A **Session Plan** is saved in your browser; **online assessment answers are not**.
6. Add **every school holiday** to your Session Plan as a vacation.
7. Renew early, then **sign out and in** to see the new date.
8. **Always sign out** on a shared computer.
9. **Google Chrome** works best, especially for sounds and printing.
10. Coming Soon means the item is being prepared.

We are happy to help +91 80879 24064 +91 91751 84064 info@adiuvaret.in
